

**Spring Clip**

Easy-release mechanism in a cost effective solution

**Plastic Holster**

A light weight solution that attaches easily to the belt and allows the user to release the radio without effort

**Nylon Carry Case**

Easy to clean, offers a T-strap to better hold the radio. The material is washable

**Leather Carry Case with or without swivel**

A durable and robust accessory that helps protect the radio from dust, water and daily knocks. When used with swivel the user gets increased comfort as swivel belt loop allows radio and case to swing as user moves

**Universal Chest Pack**

Compatible with different radio models this accessory protects the radio and its pocket allows the user to carry additional accessories

**Alternative Carry Solutions**

Including waterproof bags, shoulder and wrist straps and other carry accessories compatible with most Motorola two-way radios
